KUALA LUMPUR: Envitech Sdn Bhd (ESB), a 60 per cent owned subsidiary of Salcon Engineering Bhd (SEB), has bagged a job from Jurutera MTC Sdn Bhd for RM20.66 million for external main sewer reticulation works.

The reticulation works is located at Lot 21145, Mukim 13, Bandar Cassia, Batu Kawan, Seberang Perai Pulau Pinang for Messrs Eco Horizon Sdn Bhd.

In a filing with Bursa Malaysia, the project is expected to be completed in 17 months from the date of site possession December 31 2024, and is expected to contribute positively towards the earnings and net assets of SEB commencing from the financial years ending December 31, 2023 and 2024.

"The award of this project demonstrates our client's trust and confidence in the capability of our wastewater engineering subsidiary, ESB and its track record," said the company in a statement today.

A promotional banner for FXGT.com. It features the text "BERDAGANG PADA MT4 & MT5" in white and green on a dark blue background. To the right, there is a red button with the text "DAFTAR SEKARANG" in white. Below the button, the text "*Perdagangan adalah berisiko." is written in small white font.
