## Salcon wins EPCC job worth RM65mil

**PETALING JAYA:** Salcon Bhd has secured an engineering, procurement, construction and commissioning (EPCC) job for a 10.44 megawatt small hydro power plant at the Sungai Selangor Dam in Kuala Kubu Baru, Selangor worth RM65mil.

In a statement yesterday, Salcon said its wholly-owned subsidiary, Salcon Engineering Bhd, has accepted a letter of award for the EPCC contract from AIS Small Hydro Sdn Bhd.

The scope of the project comprised the design, manufacture, factory testing, delivery to the site, building, testing and commissioning, maintenance as well as training of AIS Small Hydro workers.
